

Athabasca Minerals Inc. (AMI) is currently seeking Full-Time **Heavy Equipment Operators** for long-term employment. The locations are North of Fort McMurray at our staging site near Coffey Lake and Kearl site. Hourly pay will be based on experience level.

Key Responsibilities

- Ensure compliance and enforcement of AMI's health and safety policies and procedures
- Operation of various heavy equipment (**Excavators, Loaders, Dozers, Grader and water truck**).
- Daily clean, maintain, and lubricate equipment with refilling of equipment tanks
- Conduct and document pre-operational checks on equipment and complete compliance paperwork (DOT logs, load sheets, operating/idling hours) associated with job duties
- Operate two-way radios and other communication equipment
- Perform minor repairs to equipment and identify any defects for further maintenance
- Communicate with operations manager, supervisors, operators, and fellow crew members to complete jobs in a timely manner with focus on safety, environment, and community
- Loading, unloading, securing, and handling cargo, supplies and equipment
- Identify and prevent potential hazards and report information to appropriate personnel
- Attend and participate in regular Toolbox meetings and training sessions as required
- Use and maintain the required safety equipment (PPE) and matching the equipment to prevailing hazards
- Other duties as assigned

Skills/Qualifications:

- Must be able to pass a drug screen prior to employment and maintain a drug free status
- Minimum of 5 years experience operating heavy equipment in an Aggregates environment
- Mandatory Tickets are CSTS, Ground Disturbance Level II, and WHMIS 2015. First Aid will be considered an asset
- Valid Class 5 driver's license with a clean driver's abstract
- Flexible to work overtime as required
- Ability to work outdoors under varying climatic conditions including inclement weather, confined space & heights
- Excellent time management and ability to meet production deadlines
- Ability to work in a fast-paced environment with minimal supervision
- Mechanically inclined, task prioritization, and ability to work in a fast-paced environment
- Ability to work under pressure with attention to detail, and promote a positive work environment
- Able to work collaboratively with team members and management in the field
- Knowledge of safe working practices and procedures
- Ability to work outdoors for long periods standing, sitting, crouching, lifting, or bending
- Ability to lift and carry 50 pounds or more
- Speak, read, & write English
- Possess CSA approved steel-toed work shoes

This job description is not intended to be a complete and comprehensive list of duties and responsibilities of the position. The omission of a specific job function or requirement does not absolve an employee from being required to perform additional tasks incidental to or inherent in the job.

Please forward your resume with a cover letter and references to recruiting@athabascaminerals.com to be considered. Only qualified applicants who meet our requirements will be contacted. No phone calls or faxes please.
